

# PRÉLUDE - ESSENTIAL SKINCARE

To prevent skin disorders and strengthen the skin barrier

## FACE CREAM

Natural face cream to strengthen the skin barrier

Nourishing Face cream designed for sensitive skin to rehydrate, restructure and repair the skin. With a light and silky texture, it penetrates rapidly and leaves a protective film on children's sensitive skin. As the facial skin is more exposed to environmental influences, this cream has a more nourishing consistence.

BALANCED INGREDIENTS
